Florida is proud to be the most military and veteran friendly state in the nation. As a veteran, I will make sure our state continues to honor the countless sacrifices made by the military families and veterans who call our state home.

Over the past year we have continued to expand our commitment to our military in Florida. In June of 2022, I signed seven bills that support active-duty military, veterans and their families by providing access to educational programs, workforce training and strengthening veteran preferences for state employment. In 2022, I also directed CareerSource Florida to use more than $9 million to support Florida’s vital aviation, aerospace, and defense manufacturing employers through a comprehensive sector strategy approach that will include recruiting and providing training to veterans interested in pursuing careers in these high-demand, high-wage industry sectors. I look forward to doing even more in 2023.

In Florida, our reasoning is simple – we support our military because they support us. Not only do our service men and women make incredible sacrifices for our state, but we also know our military and defense industry supports more than 860,000 jobs in our state. According to the latest data, having a military friendly state has generated $96.6 billion in economic impact in one year.

This Florida Benefits Guide is full of helpful information on the many laws, programs and benefits that the state of Florida has implemented to support and assist active-duty military members and their families. Enterprise Florida and organizations like the Florida Defense Support Task Force and Florida Defense Alliance are always working to expand Florida’s military advantages that ensure servicemembers and their families feel welcomed and are successful during their time in Florida, and we hope, give you reason to come back.

Please share this guide with your fellow service members and families so that these services can reach as many eligible individuals as possible. We honor your service and appreciate the sacrifices you and your family have made to defend our freedom.

Sincerely,

Ron DeSantis
Governor
As Attorney General, it is my honor to protect our brave service members who call the Sunshine State home. Within my own family, I have seen firsthand the level of service and sacrifice required from our soldiers and their families. It is so important, as a public servant, to support our military members and their loved ones at home and abroad.

My office’s Military and Veterans Assistance Program utilizes a multi-agency approach to help educate service members, veterans and their families about military-related scams, how to spot fraud and where to report suspicious activity. By reporting these scams, you help my office build enforcement cases under the Florida Deceptive and Unfair Trade Practices Act, which imposes heightened penalties against a person or business that willfully victimizes a military member or their family.

On behalf of my family, the Office of the Attorney General, and all Floridians, we thank you for your service. As you read about the services and protections available to you in our state, know that together we can build a Stronger, Safer Florida for your families and fellow service members.

Ashley Moody | Attorney General

As Florida’s Chief Financial Officer and State Fire Marshal, I would like to thank you for your service and welcome you and your family to the Sunshine State. To ensure Florida remains one of the most military and veteran friendly states in the nation, I’m committed to providing resources to help secure a bright financial future for these heroes that call Florida home.

During my time as CFO, I have focused on providing information and tools to help military members build a strong financial foundation and protect against fraud and debt. The Financial Frontlines initiative provides information to help families fight against financial frauds and debt with the use of an in-depth Resource Guide. In addition, we also offer Serve Save Succeed, a financial literacy resource and online forum for current and former military service members and their families on finance-related topics. During the 2020 Legislative Session, I advocated for the passage of the Florida Veterans Protection Act, which Governor DeSantis signed into law. This Act helps protect veterans by adding the victimization of 10 or more veterans as an aggravated white-collar crime.

I have no doubt that Florida is the best place in the country to live, work and achieve the American dream. I’m excited to welcome you to our great state and I want you to know my door is always open. Please don’t hesitate to reach out if you need anything at all. On behalf of my family and all Floridians, thank you for your service.

Chief Financial Officer of Florida
As a Florida native and Secretary of the Florida Department of Economic Opportunity (DEO), I would like to welcome you and your family to the great state of Florida. With over 1.5 million veterans and active-duty military members residing in Florida, our military community plays a vital role in Florida as we continue to outpace the nation in economic success.

Under Governor DeSantis’ leadership and in coordination with our partner CareerSource Florida, DEO offers dynamic, innovative programs that prioritize active-duty military, military veterans, and eligible spouses for workforce services throughout the state and provide career training for employment opportunities. Programs like the Florida’s Jobs for Veterans’ State Grant, the Military Family Employment Advocacy Program, and the Get There Faster initiative are available to help ensure financial and career success for Florida’s military families.

Thank you for all that you and your family have done and continue to do to support our country. Florida is one of the nation’s most military-friendly states, and it is our honor to support those who sacrifice their freedoms to protect ours. We are the land of the free because of the brave, and we work to honor those who serve. In Florida, we are committed to ensuring there are robust options available for service members upon their return to civilian life, and we provide resources to help veterans to translate the invaluable skills gained during their time of service to find meaningful employment, start businesses, further their education, support their families, and contribute to their communities.

Under Governor DeSantis’ leadership, DEO will continue to prioritize the needs of Florida’s military community and will work to help you succeed.

1. Protection Against Deceptive and Unfair Trade Practices
Provides military servicemembers and their family members the same heightened protections afforded to senior citizens and persons with disabilities against deceptive or unfair trade practices; penalizes a person who willfully victimizes a military servicemember or family member. (F.S. 501.2077)

2. Protection Against Unfair Insurance Practices
Protects active military service and their covered dependents from unfair practices in certain rate increases in motor vehicle insurance. Provides protection from motor vehicle insurance premium increases or reinstatement fees for new policies. Active military personnel are to be considered maintaining continuous coverage for purposes of determining premium rates. (F.S. 626.9541)

3. Protection Against Cancellation of Health Insurance
Any health insurance policy, certificate, or evidence of health coverage which provides coverage to a member of the Florida National Guard, or a member of any branch of the United States military reserves who is a resident of this state, called to active duty or state active duty, must continue all coverages that were in effect for the person, or the person’s dependents covered by the same policy, at the premium in effect for all insured under the same contract, unless the employee or insured requests coverage changes that might alter the premium he or she was paying prior to such activation during the time he or she serves on active duty. Additionally, it must reinstate the coverage for any such person who elects not to continue it while on active duty or state active duty, at the person’s request upon return from active duty or state active duty, without a waiting period or disqualification for any condition that existed at the time he or she was called to active duty or state active duty. Such reinstatement must be requested within 30 days after returning to work with the same employer or within 60 days if the policy is an individual policy. (F.S. 250.341)

4. Protection for Termination of Rental Agreements
Servicemembers who terminate residential leases due to military duty will be protected under the following specific provisions:

• **No Retaliation.** No landlord may sue or otherwise attempt to retaliate against a tenant who terminated a lease because of military duties.

• **No Discrimination.** Landlords may not discriminate against military personnel. Discrimination on the basis of military status creates a cause of action against the landlord for civil damages.

• **Expansion of Criteria which allow a Servicemember to Terminate a Lease.** Servicemembers may terminate their leases within the purview of the statute when the servicemember:
  • Moves permanently 35 or more miles from the rental premises;
  • Is prematurely or involuntarily discharged or released from Active Duty;
  • Is released from Active Duty when the leased premises is at least 35 miles from the home of record;
• Is required or eligible to move into government quarters; and/or
• Moves temporarily for over 60 days to a location which is 35 or more miles from the rental premises.
• The Liquidated Damages Clause is No Longer Available in the Case of Military Termination of Lease. Removes provisions requiring the payment of liquidated damages to the landlord under certain circumstances upon termination of a rental agreement. (F.S. 83.682)

5. Protection for Termination of Telecommunications Service
Servicemembers may now terminate their telecommunications (i.e. cell phone) service contracts by providing 30 days’ notice to the service provider if any of the following occur: 1) The servicemember moves, either permanently or on temporary duty for over 60 days, outside the area which the service provider provides telecommunications service; 2) The servicemember is discharged or released from duty and either returns to an area not serviced by the telecommunications service provider or the servicemember’s home of record is not serviced by the provider; and/or 3) The servicemember’s orders require a move outside the continental United States. Upon such termination the servicemember is only liable for the amount due under the contract for the period up to the effective date (which is the end of the 30-day notice period). (F.S. 364.195)

6. Protection for Termination of Retail Installment Contract for Leasing a Motor Vehicle by a Servicemember
Servicemembers may terminate retail installment contracts for leasing motor vehicles by providing 30 days written notice to the lessor if either the servicemember is required to move outside the continental United States; or the servicemember receives orders for a period exceeding 60 days for duty outside the continental United States or for a temporary change of station. The servicemember is then liable for only the amount due under the contract to the end of the 30-day notice period. The statute specifically states that the lessee is not liable for any other fee due to the early termination of the contract. Further, the protection may not be waived or modified by the contract between the servicemember and the lessor under any circumstances. (F.S. 520.14)

7. Protection for Termination of Mobile Home and Vehicle Registration
Any servicemember, whose mobile home registration expired while he or she was serving on active duty or state active duty, shall not be charged with a violation of Florida Statute 320.07 if, at the time of the offense, the servicemember was serving on active duty or state active duty 35 miles or more from the mobile home. The servicemember must present to the department either a copy of the official military orders or a written verification signed by the servicemember’s commanding officer to receive a waiver of charges. (F.S. 320.07)

8. Protection for Cancellation of Motor Vehicle Insurance
An Insurer must refund 100 percent of the unearned premium if an insured servicemember cancels due to either a call to Active Duty or transfer to a location where the insurance is not required. There is language in the statute preserving claims originating prior to the effective date of cancellation. If the insurer cancels, the insurer must refund 100 percent of the unearned premium. Cancellation is without prejudice to any claim originating prior to the effective date of the cancellation. For purposes of this section, unearned premiums must be computed on a pro rata basis. (F.S. 627.7283)

9. Relief for Payment of Initial Binder – Motor Vehicle Insurance
Servicemembers and dependents are not required to pay two month’s premium on motor vehicle insurance normally required of citizens of Florida upon initial issuance of insurance. (F.S. 627.7295)
10. Protection Against Insurance Rate Increases & Refusal of Policy Renewals for Persons in Military Service

Prohibits insurers from charging an increased premium for reinstating a motor vehicle insurance policy that was canceled or suspended by the insured solely for the reason that he or she was transferred out of this state while serving in the United States Armed Forces or on active duty in the National Guard or United States Armed Forces Reserve. It is also prohibits an insurer from charging an increased premium for a new motor vehicle insurance policy if the applicant for coverage or his or her covered dependents were previously insured with a different insurer and canceled that policy solely for the reason that he or she was transferred out of this state while serving in the United States Armed Forces or on active duty in the National Guard or United States Armed Forces Reserve. For purposes of determining premiums, an insurer shall consider such persons as having maintained continuous coverage. (F.S. 626.9541)

No insurer shall fail to renew a policy for reasons based entirely on the sex, occupation, marital status, residence, military service, or age of the insured, or on the principal place of garaging the insured vehicle in this state, or based on any combination of such factors. No insurer shall fail to renew a policy for reasons based on the race, color, creed, or national origin of the insured or for any reason which is arbitrary or capricious. (F.S. 627.728)

11. Protection for Termination to Purchase Real Property

Servicemembers may terminate agreements to purchase realty prior to closing if any of the following occur: 1) The servicemember has a permanent change of station which is 35 or more miles from the location of the property; 2) The servicemember is released from Active Duty and the property is more than 35 miles from the servicemember’s home of record; 3) The servicemember receives orders requiring him or her to move into government quarters or does, in fact, move into government quarters; or 4) The servicemember receives orders in excess of 90 days which involve a temporary change of station which is 35 miles or more from the property. The seller, mortgagor and/or their agents must refund any funds provided by the servicemember. Further, no other fees may be assessed against the servicemember. These protections cannot be waived or modified. (F.S. 689.27)
12. Protection for Sale, Foreclosure or Seizure of Property for Nonpayment
Servicemembers are protected against sale, foreclosure, or seizure of property for nonpayment of any sum due under any obligation, or for breach of the terms of such obligation. These are not valid if made during the period of state active duty or active duty or within 30 days thereafter, unless upon an order previously granted by the court and a return made to and approved by the court. This protection applies only to obligations secured by a mortgage, trust deed, or other security in the nature of a mortgage upon real or personal property owned by a person in state active duty or active duty at the commencement of the period of state active service and still owed by her or him, which obligation originated prior to such person’s period of state active service. (F.S. 250.5205)

13. Protection of Late Voting Registration
Provides for deployed servicemembers to be allowed late registration for voting. An individual or accompanying family member who has been discharged or separated from the uniformed services or the United States Merchant Marine, has returned from a military deployment or activation, or has separated from employment outside the territorial limits of the United States, after the book-closing date for an election pursuant to s. 97.055 and who is otherwise qualified may register to vote in such election until 5 p.m. on the Friday before that election. (F.S. 97.055)

14. Protection for Absentee Voting
Authorizes absent uniformed services voters and overseas voters to use the federal write-in absentee ballot in any state or local election; prohibiting the supervisor of elections from canvassing federal write-in absentee ballots from overseas voters in certain elections until 10 days after the date of the election. This bill eliminates the restriction that a Federal Write-In Absentee Ballot (FWAB) can only be used for state and local elections involving two or more candidates. This allows absent uniformed services and overseas voters to use a FWAB as a “back-up” ballot for all federal, state, and local elections. The law also delays the canvassing of a FWAB until 10 days after the presidential preference primary or general election. This will allow the voter’s official absentee ballot to be canvassed (in lieu of a FWAB) if it is received during that 10-day window. (F.S. 101.6952)

15. Public Records/Department of Military Affairs
Provides exemption from public records requirements for information held by Department of Military Affairs stored in United States Department of Defense system of records, transmitted using United States Department of Defense network or communications device, or pertaining to United States Department of Defense; provides certain information may be disclosed only in accordance with federal & state laws; provides for retroactive application; provides for future legislative review & repeal of exemption; provides statement of public necessity. Goes into effect upon being signed into law. (F.S. 119.0712)

16. Protection of Military Housing from Ad Valorem Taxation
Recognizes in statute that leaseholds and improvements constructed and used to provide housing pursuant to the federal Military Housing Privatization Initiative (Housing Initiative) on land owned by the federal government are exempt from ad valorem taxation. Florida law provides an exemption from ad valorem taxation for property owned by the United States. This exemption specifically applies to leasehold interests in property owned by the United States government when the lessee serves or performs a governmental, municipal or public purpose or function. Federal law also recognizes the immunity of property of the United States from ad valorem taxation. (F.S. 196.199)
17. Protection of Community Planning and Liaison Officers (CPLOs) and Representatives of Military Installations Serving on Local Planning or Zoning Boards

Provides for open exchange of information between local governments and military installations. To facilitate this exchange, a representative of a military installation shall be included as an ex-officio, non-voting member of the local government’s land planning or zoning board and is not required to file a statement of financial interest solely due to his/her service on board. (F.S. 163.3175)

18. Protection Against Predatory Lenders

This law authorizes the Office of Financial Regulation to deny a license or take disciplinary action against a person who violates the federal Military Lending Act (MLA). The MLA provided greater consumer protections for servicemembers and their family members in connection with a broad range of consumer credit transactions including consumer finance loans, payday loans, title loans, overdraft lines of credit, smaller dollar loans and credit card accounts. Effective Date: October 3, 2016. (F.S. 516.07)

19. Protection to Expedite Processing of Rental Agreements

Provides that a landlord, a condominium association, a cooperative association or a home owner’s association is required to process a rental application from a military servicemember within seven days of submission, and the landlord must provide to the servicemember a response in writing of the approval or denial of their application and, if denied, the reason for denial. Should the landlord not provide a timely denial of the rental application, the landlord must lease the rental unit to the servicemember if all other terms of the application and lease are met. (F.S. 817.312)

The Florida Veterans Protection Act / White Collar Crime Victim Protection Act is an act relating to crimes against veterans; providing a short title; amending s. 775.0844, F.S.; providing an enhanced sentence for any person who commits aggravated white collar crimes against a certain number of veterans by obtaining or attempting to obtain a specified amount of money; providing criminal penalties; providing an effective date. (F.S. 775.0844)

This law therefore explicitly extends each benefit and protection for servicemembers, veterans and their families listed in this guide to all Space Force Guardians, veterans and their family members. (SB 438 - 2022)
22. Concealed Weapons or Firearms Licenses
Florida concealed weapon or firearm license applications submitted by active military members and veterans are now expedited. Current servicemembers and veterans of the U.S. Armed Forces can be issued concealed weapon or firearm licenses even if they are not 21 years of age, the usual minimum age eligibility requirement, provided that they are otherwise eligible for licensure. (F.S. 790.062)

Current servicemembers and military veterans can meet the firearms training/competency requirement for the issuance of a concealed weapon or firearm license if they include proper documentation with their applications reflecting active-duty status or honorable discharge from military service. (F.S. 790.06)

Additionally, servicemembers with concealed weapon or firearm licenses who are serving on military orders over 35 miles away from their residence are granted an extension of the normal expiration date of their licenses. In such circumstances, a servicemember’s license will not expire, and late fees for renewals will be waived, for 180 days after the date upon which the servicemember returns from serving on military orders. (F.S. 790.06)

32. Identification Card & Driver License Fees for Veterans

47. Health Professional Licensure
The Florida Department of Health is committed to serving members of the United States Armed Forces, veterans and their families. The Department is proud that over 1.5 million veterans call Florida home, and our continued goal is to make Florida the most veteran-friendly state in the nation. Military veterans and their
families face many challenges. One service the Department offers is the Florida Veterans Application for Licensure Online Response process (VALOR), which provides expedited licensing for honorably discharged veterans and their spouses seeking licensure in most health care professions. Veterans and spouses who apply through the VALOR process receive a waiver of most licensing fees. For information on the program go to www.flhealthsource.gov/valor#veterans.

Several programs and reciprocal licensure arrangements for healthcare professionals are covered under Florida law including:

- Florida provides that health professional licenses issued to any member of the Armed Forces of the United States be kept in good standing without registering, paying dues or fees, or performing any other act on his or her part so long as he or she is a member of the Armed Forces of the United States on active duty and for a period of six months after discharge. *(F.S. 456.024) (F.S. 401.271) (F.S. 468.309)*

- A person who serves or has served as a health care practitioner in the U.S. Armed Forces is eligible for licensure in Florida. The applicable department will waive the application fee, licensure fee and unlicensed activity fee for these applicants. *(F.S. 459.00761)*

The Department of Health issues a temporary medical license with the status: Temporary Military Active – the licensed practitioner has a spouse serving in the Armed Forces of the United States and is authorized to practice his/her profession in the state of Florida for a period of 12 months. Florida also provides alternative eligibility criteria for military members, and their spouses, seeking licensure as a health care practitioner. Allows military health care practitioners who are practicing under a military platform, which is a training agreement with a non-military health care provider, to be issued a temporary certificate to practice in this state. The Florida Department of Financial Services has established OPERATION DISPATCH to allow our military veterans the opportunity to apply comparative experience-based training to fulfill certification requirements to continue protecting the safety and well-being of those in our communities. It is designed to attract military servicemembers and veterans to Florida. OPERATION DISPATCH cuts out redundant training so military-trained firefighters take 40 hours of training specific to Florida standards. OPERATION DISPATCH allows these dedicated men and women to continue meaningful and long-lasting careers in the Florida fire service industry. Through partnerships forged with the Florida Departments of Veterans’ and Military Affairs, OPERATION DISPATCH reduces the costs associated with the Florida-specific training and testing to military firefighters. The program also allows participants to take the certification exam in a more timely fashion than the regularly-scheduled quarterly administrations, which upon successful completion helps newly-certified firefighters enter Florida’s workforce faster. It also provides refund procedures for servicemembers who were on qualifying deployments for more than 365 days during the 2014 and 2015 calendar years. In short, the law expands military operations that qualify certain servicemembers who receive a homestead exemption and were deployed during the previous calendar year, to receive additional ad valorem tax exemption on that homestead property.

A 2020 amendment to this law allows veterans or their surviving spouses who are entitled to receive ad valorem exemptions on property taxes for one property, to receive a pro-rated reimbursement of taxes paid on any property they buy between January 1 and November 1 of any year (thus permitting an uninterrupted use of this benefit when selling one homestead to purchase a different one). 70. Accommodation in Schools for the Transitioning Children of Military Families

Florida public schools must accept military permanent change of station (PCS) orders that relocate a military family to any military installation within the state as proof of residency for all public school authorized programs at the school. This allows registration of a student once orders are received rather than after the servicemember arrives and secures housing. This law also provides priority placement in gifted, special needs and voucher programs for the children of military members. Additionally, provides for smooth transition for children of military families coming into Florida by improving timely transfer of records, establishing procedures to lessen the impact of moves, providing services for transferring students, and giving them first preference in special academic programs. The school district or charter school shall accept and report the student for purposes of funding through the FEFP. The school district or charter school may provide student transportation at their discretion. The bill requires the capacity determinations of each school district and charter school to be current and identified on their respective school website. In determining capacity, a district school board must incorporate specifications, plans, elements, and commitments contained in the district’s educational facilities plan and required long-term work programs. Each charter school governing board must determine capacity based upon its charter contract. 84. Military and Veterans Assistance Program

The Military and Veterans Assistance Program (“MVAP”) is an initiative within the Florida Office of the Attorney General’s Consumer Protection Division that seeks to serve the unique needs of Florida’s military servicemembers, reservists, and veterans. The program was established to help educate servicemembers and veterans on the types of scams that target their communities and to address concerns of military servicemembers and veterans across the state. Members of the MVAP team work directly with military servicemembers and veterans who have been targeted, or their representatives, in an effort to resolve their consumer protection-related issues or facilitate contact with other legal assistance if needed and as appropriate.

The MVAP team focuses on the following areas of assistance for military servicemembers and veterans across the state:

**Outreach and Education:** We collaborate with military and veteran leadership statewide to provide education and information regarding emerging scams targeting servicemembers, reservists, and veterans, and the ways in which our program can assist this community.

**Complaint Resolution:** A dedicated team works to address individual complaints by facilitating contact between the complaining servicemember, reservist, or veteran and the related business. Military servicemembers, reservists, dependents, base representatives, veterans, veteran services representatives, and state or federal agencies can file a complaint at www.myfloridalegal.com/MVAP.

- **Enforcement:** The MVAP team will monitor trends in complaints received and pursue consumer protection enforcement actions where appropriate.

- **Outside Referral:** For matters not within our consumer protection enforcement jurisdiction, our team will connect eligible servicemembers, reservists, and veterans with legal aid offices or other agencies if needed and as appropriate.

- **Improved Communication:** The MVAP team will work to encourage open communication between local, state, and federal partners to help ensure complaints are being handled by the correct organization and new and relevant information is shared.

The Governor’s Initiative on Lawyers Assisting Warriors (GI LAW) draws from the talent of Florida’s leading law firms to provide pro bono legal services for military members. This program allows our state’s men and women in uniform to receive local counsel in a variety of civil matters, including actions in local courts.

Participating attorneys will dedicate time and expertise to ensure a prompt and fair resolution of legal matters. Those interested in obtaining pro bono legal services should go to the website at: https://www.enterpriseflorida.com/military-defense/governors-gi-law/ and fill out a Legal Assistance Request Form and submit it through their appropriate Judge Advocate General or civilian military attorney’s office.

86. Deployed Parent Custody and Visitation

This law creates the “Uniform Deployed Parents Custody and Visitation Act” which complies with and mirrors federal law of the same name. This bill provides protections for deployed servicemembers in regard to custody of children. It requires parents to communicate about custody and visitation issues as soon as possible after a servicemember learns of deployment and establishes procedures for parents who agree to a custody arrangement during deployment to resolve these issues by an out-of-court agreement. Further, it allows a deployed parent to grant care-taking authority to a non-parent with whom the child has a close positive relationship of substantial duration and depth. In the absence of an agreement, the bill allows for expedited resolution of a custody arrangement in court with a temporary custody order. The bill prohibits the entry of a permanent custody order before or during deployment without the servicemember’s consent. The bill provides for termination of the temporary custody arrangement following the servicemember’s return from deployment. The bill also repeals the section of law that currently addresses temporary time-sharing modification and child support modification due to military service. A 2020 amendment to the law added the provision that the absence of a servicemember due to a deployment or anticipated deployment may not be considered as abandonment or used as a factor in making such a determination. (F.S. 61.703-61.773)

TRANSITIONING MILITARY FAMILIES ACCESS TO FL VIRTUAL SCHOOL

Florida offers more virtual options for their students than any other state. Florida students at all grade levels have both full-time (virtual school) and part-time (virtual course) options. The options include virtual schools and courses offered by Florida Virtual School (FLVS) and by all 67 school districts. All of Florida’s virtual education options are designated by law as school choice options for Florida students. Specifically:

- Section 1002.20(6), Florida Statutes (F.S.), related to educational choice, lists virtual instruction programs and Florida Virtual School as educational choice options.
- Section 1001.42(23), F.S., related to virtual instruction, requires school boards to provide students with access to virtual instruction programs, including Florida Virtual School and other approved providers, and to award credit for successful completion of such courses.
- Section 1002.37(3)(c), F.S., states that school districts may not limit student access to courses offered through Florida Virtual School.
- Section 1002.45(1)(b), F.S., requires school districts to provide all enrolled public school students within its boundaries the option of participating in part-time and full-time virtual instruction programs.

Please note, however, students enrolled in the district are subject to district policies relating to student progression. While a district may not artificially limit a student’s enrollment in FLVS courses if the student would be academically eligible to enroll in the same courses in a brick-and-mortar setting within the district, a district still has authority and responsibility to provide academic guidance to their students. This includes limiting enrollment in courses for which the student is not academically qualified, in the same manner it would limit a student from enrolling in brick-and-mortar courses for which the student was not academically qualified.
