“Having led other manufacturing site searches around the globe, what I can share is a confirmation of what we experienced here and come to expect. Florida is a great place to do business from every perspective: a strong pro-business environment, a skilled workforce and an important mix of industrial capabilities to run a global operation.”

Marco Túlio Pellegrini | President and CEO | Embraer Executive Jets

“Boeing has a rich history in the Sunshine State and we look forward to furthering that legacy. Our ability to grow our footprint is thanks in large part to partners like Enterprise Florida, who help to create a favorable business environment where Boeing, its employees and their families can thrive.”

John Elbon | Vice President and Program Manager of Commercial Programs | Boeing

“The biggest factor there is a talented workforce, that you could really hire people that understand the quality and demands of aerospace. You really want to get good assembly and integration engineers. You want to be able to get high-quality machinists and machine operators. Those jobs today are very sophisticated jobs.”
