**Educational Events** – Educational roundtables, seminars, and conferences on export fundamentals are offered throughout the state on topics such as researching markets, developing an export strategy, logistics, promotional opportunities and more.

**Overseas Trade Missions & Shows** – Participation in overseas trade missions and trade shows provides opportunities for Florida companies to showcase their products and services and meet one-on-one with potential customers worldwide.

**International Trade Events Newsletter** – A bi-weekly newsletter will keep you up-to-date on upcoming international trade events – from local educational workshops and seminars to overseas trade shows and trade missions.

**Florida Export Directory** – Exporters can increase their international market exposure through this searchable, web-based platform. The [FloridaExportDirectory](#) is an easy way to promote your products and services all over the globe where foreign buyers can find you.

This document verifies that the products being exported are freely marketed without restriction and approved for sale in the United States and Florida.

**Export Marketing Plans** – Working in partnership with the Florida SBDC Network, Export Marketing Plans help qualified Florida manufacturers and services providers pinpoint the best countries for their products, develop the right entry strategies, and promote their products abroad.

**Target Sector Trade Show Grants** – Qualified companies can apply for trade show grants to help further their entry into global markets. These event-specific grants cover 75% (up to \$7,500) or 100% (up to \$10,000) of the cost of a trade show booth depending on company size and target market.

**Gold Key/Matchmaker Grants** – New or infrequent exporters can meet with pre-screened buyers, sales representatives and business partners with a Gold Key/Matchmaker Service. Reimbursable grants cover 100% of the matchmaker cost.

**Website Localization Grants** – Globalize your website by making it local with *Florida Online Global* – fully customized websites in your target markets. Two grant funding options are available to offset your website development costs.
